The bride was given in marriage by her brother, R. Thornton Hogg, and the groom was attended by his brother, William Clifton. The bride wore a travelling suit of blue cloth, with hat and gloves to correspond, and carried a white prayer-book and a shower bouquet of white roses. Miss Marguerite Clements played the "Lohengrin" Wedding March at the entry of the couple and "O, Promise Me" during the ceremony.

The parlors were beautifully decorated with white and pink flowers, having a background of evergreens and lighted candles. After the ceremony was performed, a dinner was served in the dining-room, which was decorated profusely with roses. The table decorations also had a pink and green that was carried out in the table decorations also.

FACE WOULD BURN AND ITCH

With Pimples and Blackheads. Obligated to Scratch. Would Fester and Come to Head. Cuticura Soap and Cuticura Ointment Cured.

Buchanan, Va.—"For years and years I had been troubled with pimples and blackheads. The first sign of the pimples would be a little red swollen place about the size of a pin-head. It would stay this way for a day or two, then the pimples would begin to burn and itch so that I would be obliged to scratch them with my fingers all the while, making them worse. In a day or two they would fester and come to a head, causing me so much trouble that I could not do any hard work that caused perspiration. My whole face was like a perforated tin pan, caused by my pinching the pimples with my fingers. My face would burn and itch so that I would have to get up nights and walk about in the open air.

"I saw that my face was getting in a serious condition, so I bought some blood medicine and began using it, but after a while I did not notice any improvement. I had become discouraged owing to the condition of my face. I happened to see the advertisement of Cuticura Soap and Ointment and I at once got a box of Cuticura Soap and Ointment and began using them. After a very few applications my face began to improve and I kept on using them every day for two weeks until I was completely cured."

(Signed) Charlie C. McCormick, July 10, 12.

The Home Beauty Parlor

By Betty Dean

Alice: You are quite right in assuming that you would not have dandruff if your hair were healthy. Dandruff keeps your hair from growing; it is doubtless the cause of all your other "trials." It is the decomposed matter sent forth by the oil glands. Sounds horrid, doesn't it? But it can be relieved wonderfully by this simple remedy made at home: Dissolve one ounce quinine in 1/2 pint alcohol; then mix with 1/2 pint water and you have a tonic for the scalp that is far better than any ready-prepared stuff. Twice a week rub a little well into the scalp. It will inspire your hair to a lustrous, healthy growth. Shampoo with camphor.

Mrs. D.: You are probably one of the millions who need a tonic because they stayed indoors too much this winter and you tan and freckle too easily. Here is how you can have your good times—and your good looks. Take a spoonful of this before each meal. Its action is to sharpen appetite, assist proper assimilation, regulate the liver and thereby purify the blood. There is no better general tonic than I know of, either.

Athletica: You certainly do not have to give up all outdoor pleasure just because you tan and freckle too easily. Here is how you can have your good times—and your good looks. Take a spoonful of this before each meal. Its action is to sharpen appetite, assist proper assimilation, regulate the liver and thereby purify the blood. There is no better general tonic than I know of, either.

Middle-Aged: I have every sympathy with your objection to "facing the light." If your complexion is not good and wrinkles are beginning to show, but I am sure you are

mistaken in saying it is "ruined." All it needs, probably, is toning up. When the skin is lined and flabby it can be restored to fresh firmness by the simple use of one ounce of almond oil and mix with two water, stir and let stand two hours. Use freely and note the contracting of the skin. It is as good as a pore cleanser and stimulator of circulation. It positively will not grow hair. I have found great benefit in this lotion because of its healthy effect on the pores and outer cuticle as well as on the tissues beneath.

E. L. D.: I sympathize with you in the "atletica" as you call it of your hair. Am glad I can tell you just how to relieve it as well as dandruff, and at the same time avoid the brittle dryness caused by soap. Get some camphor in your drug store and dissolve in a cup of hot water. Never use soap. The camphor is enough, leaving the scalp perfectly clean and the hair fluffy, giving the appearance of an abundant growth, whether you have it or not.

Mrs. B. W.: From what you say about your eyes, I am sure all they need is little care. Get an ounce of crysot and dissolve in a pint of soft water. Drop two drops daily in each eye, or oftener if the lids are inflamed. This treatment faithfully used restores brightness and color to the eye as well as clear sight. Many actresses use crysot to make the eyes sparkle, and it has this effect without the slightest harmful results.

B. B.: Your excessive flesh will be even more troublesome as the weather grows warmer, and you are quite right to take some simple means of reducing it. Ask your druggist for 4 ounces of purgative. Dissolve this in one and a half pints of water. Take a tablespoonful of the solution after each meal. This is simple, safe and sure. A purgative merely aids nature in establishing a normal assimilation of food. You do not have to exercise violently or restrict your diet.
